Corrigendum

Certain errors are found out at para 245 vide Page 70 & para 254 vide page 74 of the said Order. Those are as follows:

The Commission in its retail supply tariff order for FY 2013-14 has fixed the rate of 690 P/U for emergency power to long term customers like NALCO, NTPC

Should be read as

The Commission in its retail supply tariff order for FY 2013-14 has fixed the rate of 695 P/U for emergency power to long term customers like NALCO, IMFA.

In view of this correction in para-245, Table No.61 is to be accordingly corrected at page 74 under para 254. The approved surplus in the ARR of GRIDCO for FY 2013-14 shall be Rs.(+) 2.07 Cr. instead of Rs. (+) 1.57 Cr.
