

HELP on 'Cases Disposed off Beyond Stipulated Time'

Choosing this option, you can generate a list of cases which have been disposed off beyond a stipulated number of days. The number of days for disposing off a case is calculated as the difference between the 'Date of Final Order' and the 'Date of Registration' of the case. **The default value for the stipulated number of days is taken as 45.**

In this screen, you can generate a list of cases for a selected GRF and a Year. The value of 'Stipulated No of Days' field can be changed from 45 to any other value, say 30. That will generate a list of cases which have been disposed off beyond 30 days.
