

Shri Sudarshan Palai, S/o : Nityananda Palai, At/Po/Ps : Balugaon, Dist : Khurda

Sudarshan Palai	Petitioner
- Vrs. –		
CESCO, Bhubaneswar & others	Respondent

Case No.49/05

Dt.23.09.2006 : From the field visit by the designated officers of the Commission, it is found that it requires shifting of 17 poles of the existing power supply arrangement at 11 KV to the premises of Palai, to the adjacent village road. It seems that the existing power supply was given prior to the growth of orchards now coming directly under the line. Since the line will be shifted to the public road the expenses in connection with shifting has to be borne by the licensee. The licensee may complete the work preferably within a period of two months charging to their normal O & M expenses.
